The Job & Career Accelerator is part of the Learning Express website.

You access Learning Express by going to the NAU Online Library homepage at http://library.national.edu/

and clicking on the Learning Express icon at the lower right.
If you have not signed in to the NAU Online Library you will be prompted to give your NAU username and password to continue.

If this is your first time using Learning Express you need to set up an account. Click on “Sign In/Register” at the top center of the blue ribbon.

Then click the blue button on the right-hand side that says “Register.”
Because you have signed in through the NAU Online Library website, Learning Express knows that you are with National American University.

Fill in the blanks marked by an asterisk. Note that you do not need a student ID number or course section to sign up for Learning Express.

When you are done with this continue to the Learning Express website.

If you are on the Learning Express home page, click on the image marked Job & Career Accelerator.
Choose from one of the six activities in the Job & Career Accelerator.
From anywhere else on the Learning Express site click on the “Centers” link and choose “Job & Career Accelerator.”
